PRARAMBH

A Journey towards a Buoyant Management Career

14th Batch - 2021-23

Write - up of Induction Program

Date: - 15/01/2022

Venue: Zoom platform

Address: - Dr. D. Y. Patil Centre for Management & Research Chikhali Pune (DYPCMR)

1 Introduction

The success of gaining admission into the MBA (DYPCMR) with peer pressure to get a good job generating its own problems. Start of hostel life without close parental supervision at the same time, further worsens it with also a poor daily routine. To come out of this situation, a multi-pronged approach is needed. One will have to work closely with the newly joined students in making them feel comfortable, allow them to explore their academic interests and activities, reduce competition and make them work for, excellence, promote bonding within them, build relations between teachers and students, give a broader view of life, and build character

We are 2 and ½ years into the COVID-19 pandemic from the “new normal” to a “new future” We have adopted new behaviors to prevent infection, such as mask-wearing, physical distancing, tele-working and hand hygiene as part of daily life. Now the challenge is to make these new behaviors part of our everyday habits.

2 Induction Program

When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. It is important to help them adjust to the new environment and inculcate in them the ethos of the institution with a sense of larger purpose. Students entering the institution, right at the start have been introduced.

Normal classes start only after the induction program is over. Its purpose is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create

bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature. The time during the Induction Program is also used to rectify some critical lacunas, for example, English background, for those students who have deficiency in it. The following are the activities under the induction program in which the student would be fully engaged throughout the day for the entire duration of the program.

Lectures by Eminent People

This period can be utilized for lectures by eminent people, it would give the students exposure to people who are socially active or are in public life.

Familiarization to Dept./ Innovations The students are told about different method of study compared to coaching that is needed , They are told about what getting into a branch or Specialization means, what role it plays in society. They are also shown the laboratories, library & other facilities in their department.

Induction program is a form of introduction for new students in order to enable them to complete their course work; it also enlightens students with Past, Present and Future prospects

Dr. Sunil Dhanawade Director of DYPCMR Welcome the students and Dignitaries on the occasion

Shri Abhay Kotkar President of SMDYPSS urged students to make full utilization of available infrastructure and placement facilities

To guide us on the occasion, It's was honor to have with us **chief guest for the program**

Date:- 23/01/2022

The new beginning for all the post graduate students has started on the very second day of induction program on 23rd March 2022 in which all the students had entered into a new world of professional, management and technically educative course of MBA. Around 10.30 am, Dr. Sunil Dhanawade Director of DYPCMR Welcome the students and Dignitaries on the occasion, sir in his opening remarks welcome the students and the dignitaries and asserted that we are nine months into the COVID-19 pandemic from the "new normal" to a "new future" We have adopted new behaviors to prevent infection, such as mask-wearing, physical distancing, tele-working and hand hygiene as part of daily life. Now the challenge is to make these new behaviors part of our everyday habits. As we are aware induction program is a form of introduction for new students in order to enable them to complete their course work, it also enlightens students with Past, Present and Future prospects.

To guide us on the occasion, It was our honor to have with us the chief guest for the program Padmini Panse. She explained about certain term like

- Pedagogy:- "Theory and practice of teaching and learning process".

- **Capability Development: - Competence and Domain Knowledge Holistic Personality: Knowledge + Emotional Intelligence + Career Objectives**
- Those who have high bodily kinesthetic intelligence are said to be good at bodily movement, performing actions and physical control.
- People who are strong in this area tend to have excellent hand-eye coordination and dexterity.
- Kinesthetic sensations are related to activation of Posterior Parietal Cortex as well as of Primary Motor Cortex.
- Activities to develop Naturalistic Intelligence Contact
- Nature walks through the woods or in the mountains, camping, visits to zoos and aquariums, etc.
- Observation once in contact with nature, to strengthen this type of intelligence it is important to closely observe the environment.
- Exploration – A magnifying glass, a microscope or binoculars help make the experience more interactive and entertaining.
- Classification with the help of parents, books or the internet, the child must learn to classify what they find. They can create a field diary with annotations and photos. Hobby.
- Encourage the youngest to have hobbies such as planting seeds at home.

Write –Up: Webinar on “Communication Skills”

DATE: - 14th Aug, 2021 (Saturday) at 10.30 am.

The Webinar on “**Communication Skills**” was conducted by Dr. Ram Gambhir (Head –Social Science & anthropology dept., SPPU. It was conducted on Zoom platform. 301 number of participants attended the webinar.

About Communication Skills :

Communication is simply the act of transferring information from one place to another. It may be vocally (using voice), written (using printed or digital media such as books, magazines, websites or emails), visually (using logos, maps, charts or graphs) or non-verbally

The ability to communicate information accurately, clearly and as intended, is a vital life skill and something that should not be overlooked. It's never too late to work on your communication skills and by doing so improve your quality of life.

Professionally, if you are applying for jobs or looking for a promotion with your current employer, you will almost certainly need to demonstrate good communication skills. Communication skills are needed to speak appropriately with a wide variety of people whilst maintaining good eye contact, demonstrate a varied vocabulary and tailor your language to your audience, listen effectively, present your ideas appropriately, write clearly and concisely, and work well in a group. Many of these are essential skills that employers seek.

Write –Up: Personality Development Session

DATE:- 22nd Jan ,2022

Personality development Session conducted by Dr. Yogesh Daudkhane, NLP Trainer on Saturday 22nd Jan ,2022. 109 number of participants attended this session. Personality development refers to the process by which the organized thought and behavior patterns that make up a person's unique personality emerge over time. Many factors influence personality, including genetics and environment, how we were parented, and societal variables.

He told that it requires lots of time and efforts to groom and shape personality. However, personality development is the outcome of so many factors which include will-power, confidence, concentration, memory, and smile, humor, to name a few. Will-power is one of the key factors necessary to develop personality. It is a phenomenon which lies in human mind. He also shares some tips for developing personality.

He guided the students that how personality is important and how we can develop our personality. The session was informative and enriching for students.
