Public sanitation was a subject about which Mahatma Gandhi was deeply interested throughout his life. Gandhi devoted a great deal of time to instilling in Indians an appreciation of the importance of sanitation and tried to rouse the Nation's consciousness on this vital issue. It is important to note Gandhi's published works devote significant attention to the cause of public sanitation, on parity with his focus on Satyagraha, Ahimsa and Khadi.

In his book “My Experiments with Truth” Gandhi writes, plague broke out in Bombay in 1897 and there was panic all around. Gandhi offered his services to the State in the sanitation department. Gandhi laid special emphasis on inspection of latrines and carrying out improvements

The Swachh Bharat Abhiyan is the most significant cleanliness campaign by the Government of India

DYPCMR College celebrated Gandhi Jayanti and Swach Bharat ABHIYAN) by cleaning the campus and surrounding area. Students,

Staff Members and Management actively took part in the cleanliness drive and take a pledge on Swach Bharat mission.

Write –Up: “Superstition, AIDS, Environment and De-Addiction”

DATE: - 5th Dec. 2022 at 9:30 am.

Session on “Superstition, AIDS, Environment and De-Addiction” conducted by Mr. Samadhan Bansode on 5th Dec. 2022 (Monday) at 9:30 am. He explains superstition is not founded on scientific judgments, it exists in almost every human culture, everybody has to overcome on Superstition, and AIDS. Students must understand Environment and De-Addiction for future. Superstition as a product of human-environment action requires understanding of culture, behavior and environment. The activity was conducted along with 159 students.

- **Following are the main Key Takeaways of the session,**
- Human immunodeficiency virus (HIV) is an infection that attacks the body's immune system, specifically the white blood cells called CD4 cells.
- HIV destroys these CD4 cells, weakening a person's immunity against opportunistic infections, such as tuberculosis and fungal infections, severe bacterial infections and some cancers.
- Addiction is a neuropsychological disorder characterized by a persistent and intense urge to engage in certain behaviors, one of which is the usage of a drug, despite substantial harm and other negative consequences.
- This session was very interactive and student gets lot of input, session also highlight on de-addiction process for ridding the individual of his dependence on certain substances or activities. Session elaborates on environmental education, the field of study which consists of organized efforts put together to understand and teach how natural environments function.

Write-Up: “Beyond Environment Promotion Activity (Tree Plantation)”

DATE: 23rd Feb 2023(Thursday).

Faculty and student of MBA & MCA has gone to Durga Tekdi, Nigdi Pune for tree plantation.

Planting trees is a must if we want to save our planet. Trees not only remove harmful chemicals from the soil, but also help reduce the greenhouses leading to global warming. In Indian culture the trees have been worshipped since the Vedic era. This was the time when human and nature were in synchronization with each other, no one harming one another, Tree planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purposes, It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds.

However with the changing times human greed has taken over its greed and now environment is showing its wrath all over the globe manifesting itself in the form of global warming, floods, drought, earthquakes etc.

Write-Up: "Mahatma Phule Jayanti Day Celebration"

DATE: 11th April 2023 at 11:00 am.

Jyotiba Phule or Jyotirao Govindrao Phule's birth anniversary is celebrated every year on April 11 as he was born on this day in 1827. Born in Maharashtra, Mahatma Jyotiba Phule was an anti-caste social reformer and is remembered for his works and fight as a social reformer.

The title of Mahatma was given by social reformer Vithalrao Krishnaji Vandekar to Jyotirao Phule. It was given a few years before his death at the age of 63 in recognition of his efforts to fight the evils plaguing Indian society at the time.

The program started around 11:00 am, worship of Mahatma Phule photo done by Dr. Sunil Dhanawade Sir Director of DYPCMR. 26 students present for this event.

Write –Up: “Tree Plantation Program”

DATE: 17th April 2023.

According to the environmental protection agencies, planting trees is a must if we want to save our planet. Trees not only remove harmful chemicals from the soil, but also help reduce the greenhouses leading to global warming. In Indian culture the trees have been worshipped since the Vedic era. This was the time when human and nature were in synchronization with each other, no one harming one another, Tree planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purposes, It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds.

However with the changing times human greed has taken over its greed and now environment is showing its wrath all over the globe manifesting itself in the form of global warming, floods, drought, earthquakes etc.

With an impetus to carry forward its services for the betterment of the society, DYPCMR organized Tree Plantation Drive with 40 saplings on 17th April the faculty members and students planted many trees to keep the environment clean and maintain the life's-support systems of the planet Earth.

Write –Up: “Chatrapati Shivaji Maharaj Jayanti”

DATE: 19th Feb. 2020

On the occasion of Chatrapati Shivaji Maharaj Jayanti Director Dr. Sunil Dhanawade address the students that Chatrapati Shivaji Maharaj established a strong army and a navy across the Konkan coast. Chhatrapati Shivaji Maharaj was also considered a master of the guerrilla warfare. Chhatrapati Shivaji Maharaj is today considered a national hero in India and especially in the state of Maharashtra.

On the occasion of Chatrapati Shivaji Maharaj Jayanti Director Dr. Suil Dhanawade do the honor as well explore the starting of Chatrapati Shivaji Maharaj Jayanti. He told that in 1894, Lokmanya Bal Gangadhar Tilak started public celebration of the birth anniversary of Shivaji. I as 'Shiv Jayanti' to inspire the youth to become like Shivaji I Maharaj, and to unite the Hindus for a national awakening.

Faculty members and students from DYPCMR are present on the occasion of Chatrapati Shivaji Maharaj Jayanti.

Under the program all the students from MBA and MCA.DYPCMR has taken part in this drive.. Prof. were an essential part of this drive. As a part of this Cleanliness Drive, We had to clean the whole college. The teachers and students followed the activity.

Some of us picked brooms and started our job. Some of the students did the dusting of the rooms. And others went to the corridor and started picking wrappers lying scattered there. After collecting them they threw them into the dustbins. After doing this job for two or three hours, we all assembled in the seminar hall.

There we were given refreshment. Thereafter Dr. Sunil Dhanawade Director delivered the speech telling students the importance of sanitation. He also honored the sweepers of the college for their noble job. In the end, we all took the oath of keeping our home, locality, and city clean. It was a unique experience for all of us.

We were glad to be the part of this great drive that could have transformed the face of our country forever. As such `Swachh Bharat

Abhiyan' was a great success in our College. We try to put more and more efforts to make it a grant success for the next academic year.

Write –Up: “Beti Bachao Beti Padhao & Disaster Management”

DATE: 6th May 2023 (Saturday) at 10:30am.

VENUE: DYPCMR

Activity On “Beti Bachao Beti Padhao & Disaster Management” will be conducted on 6th May, 2023 (Saturday) at 10:30AM. The resource person is Prof. Dipak Pandita.

Beti Bachao Beti Padhao (Save the Daughter, Educate the Daughter) is a significant initiative launched by the Government of India to address the declining child sex ratio and promote gender equality. The campaign was launched on January 22, 2015, with the aim of raising awareness about the importance of girls' education and the need to combat female foeticide, infanticide, and gender-based discrimination.

The main objectives of the Beti Bachao Beti Padhao initiative are:

Preventing Gender-Based Discrimination: The campaign seeks to eliminate gender stereotypes and discriminatory practices that lead to the neglect and marginalization of girl children. It emphasizes the importance of treating girls and boys equally and providing them with equal opportunities.

Improving Child Sex Ratio: One of the core issues the initiative addresses is the declining child sex ratio in various parts of India. Through awareness campaigns and policy measures, the program strives to encourage families and communities to value the birth of a girl child as much as that of a boy.

Promoting Girls' Education: Beti Bachao Beti Padhao underscores the importance of education for girls. It aims to increase enrolment and retention of girls in schools and colleges and ensure their holistic development through quality education.

Disaster Management: Building Resilience and Preparedness:

Disasters, whether natural or human-made, can have devastating impacts on communities and regions. Effective disaster management involves a combination of preparedness, response, recovery, and mitigation measures to reduce the loss of lives and property. India, being prone to various types of disasters such as earthquakes, floods, cyclones, and industrial accidents, places great emphasis on disaster management strategies.

Key aspects of disaster management include:

Preparedness: This involves creating awareness and educating communities about potential hazards, developing emergency plans, conducting drills and exercises, and ensuring that essential resources and facilities are in place to respond effectively.

Early Warning Systems: Timely information about impending disasters is crucial for saving lives. Early warning systems use technology and communication networks to alert communities about approaching hazards, giving them sufficient time to evacuate or take protective measures.

Response and Relief: When a disaster strikes, a coordinated response is vital. This includes deploying emergency services, providing medical aid, search and rescue operations, and distributing essential supplies like food, water, and shelter to affected populations.

Recovery and Rehabilitation: After a disaster, communities need to recover and rebuild. This phase involves restoring basic services, infrastructure, and livelihoods, while also addressing the psychological and social impacts on individuals and communities.

Write –Up: “World Environment Day”

DATE: 5th June 2023.

According to the environmental protection agencies, planting trees is a must if we want to save our planet. Trees not only remove harmful chemicals from the soil, but also help reduce the greenhouses leading to global warming. In Indian culture the trees have been worshipped since the Vedic era. This was the time when human and nature were in synchronization with each other, no one harming one another, World Environment Day is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purposes, It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds.

However with the changing times human greed has taken over its greed and now environment is showing its wrath all over the globe manifesting itself in the form of global warming, floods, drought, earthquakes etc.

With an impetus to carry forward its services for the betterment of the society, DYPCMR organized World Environment Day students planted many trees to keep the environment clean and maintain the life's-support systems of the planet Earth.

Write –Up: “Session on Personal Health, Hygiene & Diet”

DATE: 10th June 2023.

Session on Personal Health, Hygiene & Diet by Prof. Minal Pawar mam, on Saturday, 10th June 2023. Mam has explain about the personal health five main aspects: physical, emotional, social, spiritual, and intellectual. In order to be considered "well," it is imperative for none of these areas to be neglected.

Personal Health is the ability to take charge of your health by making conscious decisions to be healthy.

Mam has also give the information about Hygiene, Hygiene is the practice of keeping yourself and your surroundings clean, especially in order to prevent illness or the spread of diseases. Be extra careful about personal hygiene.

Types of Hygiene.

- Keeping Hands Clean.
- Nail Hygiene.
- Facial Cleanliness.
- Coughing and Sneezing.
- Foot Hygiene.
- Hair Hygiene.

Gat No. 1029/1030, Chikhali, Pune - 411 062.

Mam has also provide the information about the Diet, A healthy diet is essential for good health and nutrition. It protects you against many chronic noncommunicable diseases, such as heart disease, diabetes and cancer. Eating a variety of foods and consuming less salt, sugars and saturated and industrially-produced trans-fats, are essential for healthy diet.

Keeping salt intake to less than 5 g per day helps to prevent hypertension, and reduces the risk of heart disease and stroke in the adult population

This session was very interactive and student get lot of input Personal Health, Hygiene & Diet MBA & MCA Students are attain this session.

Write –Up: Self Defense Training Under "Nirbhay Kanya Abhiv

DATE: 23rd June 2023 at 10:00 AM.

Self Defense Training under Nirbhay kanya Abhiyan was conducted by Mrs. Aarati Malla on 23/06/2023 at 10:00 am. Self-defense, especially for women is of prime importance due to the world of power imbalance that we live in today. She Taught Many Things are as follows: It will be hard to see and hear, and complex martial arts techniques may be impossible to person. If you stick with proven strategies and simple gross motor-movement techniques - such as the described here - your chance of surviving will increase drastically

- Trust your instincts.
- Practice target denial.
- Present yourself with confidence.
- Set strong verbal boundaries.
- Maintain a non-confrontational stance.
- Keep a safe distance.
- don't panic if you're knock.

Basics of the self-defense system, how should one react in an unfriendly situation?

- Prominent and easily accessible vital points in human body
- Striking and defensive techniques.

- Fighting stances.
- React and deter the intents
- Tackle multiple attackers

Personal Safety Guidelines:

- This will include in brief the rights that are enjoyed by Women.
- At home.
- Walking.
- Vehicle Safety.
- Public Transport
- Outstation travel.
- Hotel Safety. .
- At social gatherings.
